

## **Highfield Hall & Gardens**

### **150 Word Description**

Highfield Hall & Gardens, a beautifully restored 1878 mansion and estate, is Falmouth's preeminent historic site. Surrounded by 400 acres of public woodlands and spectacular gardens, Highfield is both a cultural hub for public programs and art exhibitions and lovely event venue for private functions and weddings.

Throughout the year, classes for adults and children are offered in the subject areas of music, art, history, gardening, nature and the culinary arts. There are ten changing art exhibitions each year highlighting the work of local and nationally recognized artists.

Highfield Hall & Gardens also hosts many free community events including the Bluegrass Festival in August, Seasonal Open House celebrations, and Family Nights on Wednesday evenings in July.

The mansion is open to visitors Sunday – Friday from April through October and the grounds may be enjoyed at any time. Detailed information on all programs and events is available at [highfieldhall.org](http://highfieldhall.org).
