2020 Fairy Houses - Your Utopia: Lessons from the Fairies!

Your Fairy House Utopia can take many forms and we welcome proposals from individuals, couples, or families. We have room for up to 30 creations on the property and looking for originality, choice of materials, site sensitivity, a sketch, and a written description about what makes your fairy house Utopian in character. *In considering your design please use natural or upcycled materials suitable to the outdoors, so that a little rain or wind won't damage the integrity of your piece of G-Rated Utopia.*
